The New Translation – ‘The Mystery of Faith’

For Catholics a ‘mystery’ is not a puzzle that cannot be solved. It is a truth that is so deep that we know we’ll never be able to get to the bottom of it; a truth we’ll never completely be able to understand. One example of this is our belief in the Real Presence of Christ in the Eucharist. We believe that Christ is truly present but we can’t wholly explain it. The priest shows us the host and then the chalice. Then he genuflects and says ‘The mystery of faith’. We continue with one of three responses. These are all different from the ones we have been used to and they come directly from the New Testament. So when the priest says ‘The mystery of faith’ he is inviting us to welcome this Real Presence of Christ. We then make our response, which we address to God
